New Board Room Gets Makeover

After moving the old library into the main building, the modular at YHS has been used as the meeting place for the Yoncalla School Board. In the renovation plans, the goal has been to move our technology department into that building and remove the modular in the back of the building (the old district office). This project began at the end of the summer as part of the water mitigation project. Now, we have a wall built on the inside and flooring is going in this week, with the steps and new ADA ramp scheduled to arrive next week. The plan is to have technology moved into the building by the end of December. The other side of the room will continue to be used for Board meetings or other

district meetings that are scheduled. This project should complete the renovation of the Board Room modular, and help the district check off one more task from the shortening list to do's!!

Ms Edera's Class Warms Up the Teachers

Ms. Edera's 7th grade class is making blankets for themselves and for the teachers as a teacher appreciation gift. She used her grant money from Cascade Community Credit Union for the supplies.

After School Club

Many students have requested extra academic help during this pandemic. Yoncalla High School has heard those voices and will be adding its popular after school club next week. The club has been a staple of YHS for the past 5 years with Amelia Black running the program. A group of 20 students will be allowed to come into the building on Tuesdays and Wednesdays to receive individual help with classes. Because of state restrictions, students will be required to conform with all state COVID requirements. If you are interested in this service, please contact Amelia Black at Amelia.Black@yoncalla.k12.or.us. Transportation home will be provided, however, transportation to YHS will be the students responsibility.

Yoncalla School District Priorities

1. Each student will enjoy positive, engaging learning environments.
2. Each child will possess the knowledge and skills necessary to be successful in post secondary education and careers, and the self-reliance to be a productive citizen.
3. A strong sense of community is recognized and nurtured among all stakeholders
4. Facilities and finances are managed effectively and efficiently for the benefit of each child.

Final Roof Repair at YHS

After completing two seismic retrofits over the past two years and completing the water mitigation project this past summer, most people thought the big projects were completed at YHS. Not so fast my friend!! YHS is in the middle of completing the final roofing project for the foreseeable future. The retrofits took care of most of the building, however, the roof over the resource room, boys locker room and part of the shop were still in need of repair. This past week Roseburg Roofing arrived on site to begin working on this project. The venture should be completed in the next week. It involves the roofs that have been mentioned along with the two skylights in the resource room. Once this process is finished, all the roofs at both buildings will be good moving forward. The next roof scheduled for repair is on the bus barn. Depending on the budget, this roof is scheduled for repair next summer based on the YSD maintenance plan.

At the Pre-school

Our preschool friends are practicing their skills at home using supplies that are carefully packed and delivered by their Teachers and IA's every week. We have been offering two Facebook live sessions every school day and post videos of teachers and staff reading books, singing songs and much more! We miss our friends so much, but we know that we can wish each other well every day.

The Calming Flower

By Spencer Carnahan

Whose flower is that? I think I know.
Its owner is quite happy though.
Full of joy like a vivid rainbow,
I watch it flow in the wind. I feel mellow.

I give the flower a quick smell,
And feel calm until I hear the school bell.
The only other sound's the break,
Of nearby children who laugh and play.

TRIBAL HISTORY

SHARED HISTORY

RECONNECT WITH YOUR NATIVE HERITAGE

**Contact Allison Olson

information.**

The Yoncalla School District has had an Indian Education Program since 2004. Each year we ask parents to take advantage of the services offered by the program. Our funding is provided by a grant from the Office of Indian Education and these funds

enable us to work with Indian students to provide academic assistance and meet cultural needs. The program is open to Native students grades Pre-K-12th grade. Activities include storytelling, crafting, and tribal history. Summer camp

opportunities, drumming, and traditional gardening techniques are offered pending COVID-19 regulations. No percentage requirements or tribal enrollment necessary but the child must have Native ancestry.
