Update

Yoncalla, Oregon

Volume 8, Issue 2

October 2022

www.yoncalla.k12.or.us

The Natural Resources I class went on a field lab in October to Rock Creek where they interacted with many macroinvertebrates. Crayfish were a popular item of examination during this lab. The first part of the year has been spent learning about salmon and macroinvertebrates. We had hoped to see salmon spawning but we were not in the right place this time.

Inside this issue

- Lady Eagles Volleyball2
- Seventh Grade at the Mill Pond3
- Student of the Month3
- Pre-School Fun4
- 3rd & 4th Grade Outing5

Our Lady Eagles made it to the first stage of the league playoffs. Unfortunately they lost but showed great spirit and had many good rallies.

Yoncalla School District Priorities

1. Each student will enjoy positive, engaging learning environments.
2. Each child will possess the knowledge and skills necessary to be successful in post secondary education and careers, and the self-reliance to be a productive citizen.
3. A strong sense of community is recognized and nurtured among all stakeholders
4. Facilities and finances are managed effectively and efficiently for the benefit of each child.

Preschool Fun

3RD GRADE 4TH GRADE

Our Third and Fourth graders went on a field trip to the Umpqua Discovery Center for the Tsalila Festival. We had such a great time and learned so much about conservation and the use of natural resources from people of the Coos tribe. The classes were able to visit stations as a group and learn about animals, tools, and the way of life of Natives and pioneers. We had such a great experience, and we were able to have lunch while watching the elk.
