## Middle Schoolers Get into Homecoming

Homecoming week was in full swing for the middle school students who spent the first half of the day on Monday making the run-through signs for the high school volleyball and football teams! They had fun coming up with catchy slogans for our rivals, and everyone played a part in the fun!

# 7TH GRADE LEADERSHIP STUDENT WORKSHOP

Seventh-grade students enjoyed participating in an anti-bullying workshop hosted by the YHS Leadership Class on Monday, October 7th. Students had an opportunity to collaborate in small groups on the topic of healthy friendships with representatives from student leadership guiding their discussions.

## Yoncalla School District Priorities

1. Each student will enjoy positive, engaging learning environments.
2. Each child will possess the knowledge and skills necessary to be successful in post secondary education and careers, and the self-reliance to be a productive citizen.
3. A strong sense of community is recognized and nurtured among all stakeholders
4. Facilities and finances are managed effectively and efficiently for the benefit of each child.

# E-Car Update

YHS E-CAR class has the use of a car that was built at Willamette High School. This will give us more insight into how our cars should perform. We have also found another school that is involved in the program so when we have completed our cars, we will be setting up some meets.

## Middle/High School Students of the Month—October

# College Fair at RHS

On Wednesday, October 9th, approximately 30 juniors and seniors from Mrs. Westbrook's college and career readiness classes attended the annual Douglas County College Fair hosted by Roseburg High School. Students had the opportunity to visit with nearly 50 different college admissions representatives from not only Oregon's college and universities, but also from campuses across the United States, as far away as Florida. The day wrapped up with students loaded down with college materials and an opportunity to grab a drink from Dutch Bros. or some food from Topp-It Express! A fun day was had by all!

## 4th Grade at Cow Creek Days

# Robotics Club

Linda Lovendahl supplied the Turns and Tumble kits from the STEAM Hub at Umpqua Community College and led the club in some hands-on learning about how coding works. We planned on ½ hour, but the students were so involved in it that we used the entire hour on this task. We had 6 club members from 5th to 8th grade from 4 to 5 pm on October 14. Our Middle school robotics team is working on the INTO THE DEEP robot. Our 1<sup>st</sup> meet is October 19 at Fremont Middle School in Roseburg. Meetings are on every Monday from 4 to 5 pm. grade 6-8 join us if you want to build robots.
