Certified Public Accountants

#### INDEPENDENT AUDITOR'S REPORT

Board of Directors Douglas County School District No. 32 P.O. Box 568 Yoncalla, OR 97499

We have audited the accompanying modified cash basis financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Douglas County School District No. 32 as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective modified cash basis financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Douglas County School District No. 32, as of June 30, 2021, and the respective changes in modified cash basis financial position thereof for the year ended in conformity with the modified cash basis of accounting as described in note 1.

## Douglas County School District No. 32 Independent Auditor's Report

#### Basis of Accounting

We draw attention to Note 1 of the financial statements, which describe the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinions are not modified with respect to this matter.

#### Other Matters

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Douglas County School District No. 32's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administration Requirements, Cost principles, and audit requirements for Federal Rewards, and is not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2021, on our consideration of the Douglas County School District No. 32's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on

#### **Douglas County School District No. 32 Independent Auditor's Report**

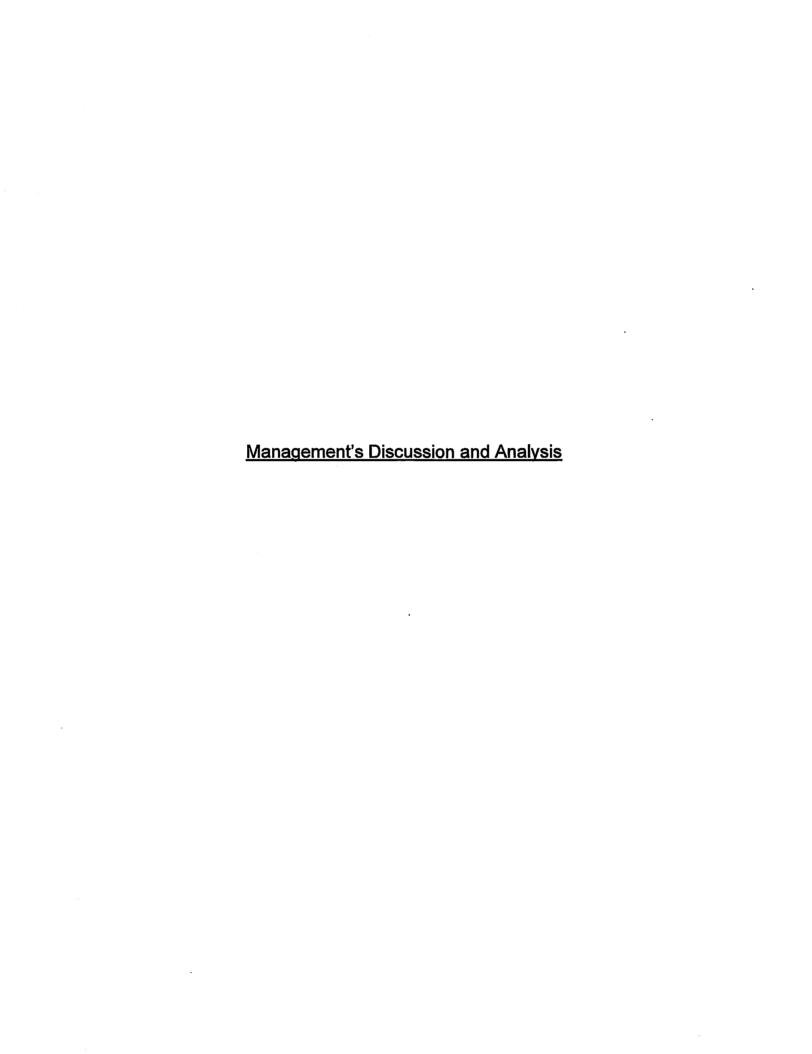

internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Douglas County School District No. 32's internal control over financial reporting and compliance.

#### Other Reporting Required by Oregon Revised Statutes

In accordance with Minimum Standards for Audits of Oregon Municipal Corporations, we have also issued our report dated November 15, 2021, on our consideration of compliance with certain provisions of laws and regulations, including the provisions of Oregon revised statements as specified in Oregon Administration rules. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion.

### <u>Douglas County School District No. 32</u> Management's Discussion and Analysis For the Fiscal Year Ended June 30, 2021

As management of Douglas County School District #32 (Yoncalla School District), we offer readers of the District's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended June 30, 2021. We encourage readers to consider this information presented here in conjunction with the basic financial statements that follow this section.

Yoncalla School District's financial records are prepared on an accounting basis other than the accounting principles generally accepted in the United States of America. The District uses an "Other Comprehensive Basis of Accounting" (OCBOA), the basis of cash receipts and disbursements (modified cash basis). This has various implications, including modified titles of the various financial statements to acknowledge this modified cash basis of accounting.

#### Financial Highlights

- Net position as reflected on the Statement of Activities Modified Cash Basis increased from \$1,869,555 on June 30, 2020 to \$2,216,510 on June 30, 2021.
- The General Fund ending balance for 2020-2021 is \$1,710,425, compared to 2019-2020 of \$1,314,266. This represents about a 30.14% increase from the 2019-2020 value.
- Receipts in all governmental funds were more than disbursements by \$346,953.

#### **Discussion of Financial Statements**

The discussion and analysis is intended to serve as an introduction to the District's basic financial statements. The District's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements.

**Government-Wide Financial Statements** are designed to provide readers with a broad overview of the District's finances in a manner similar to a private-sector business. These statements are found in this audit report and include:

- Statement of Net Position Modified Cash Basis
- Statement of Activities Modified Cash Basis

In the government-wide financial statements, the District's activities are shown in one category:

 Government activities: Most of the District's basic functions are shown here, such as regular and special education, child nutrition services, transportation, and administration. These activities are primarily financed through property taxes, Oregon's State School Fund and other intergovernmental revenues.

**Fund Financial Statements** provide more detailed information about the district's funds, focusing on its most significant or "major" funds – not the District as a whole. Funds are accounting devices that the District uses to keep track of specific sources of funding and spending on particular programs. These statements are found in this audit report and include:

- Governmental Funds, Balance Sheet Modified Cash Basis
- Governmental Funds, Statement of Receipts, Disbursements and Changes in Fund Balance – Modified Cash Basis

Some funds are required by state law. The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues (such as federal grants).

The District maintains only governmental funds

#### **Governmental Funds**

All of the District's basic services are included in the Governmental Funds. The District has the following governmental funds:

Fund 100 - General Fund

Special Revenue Funds -

Fund 201 - ESSR Fund

Fund 202 - Building Repairs and Improvement Funds

Fund 206 – Food Services

Fund 208 - Unemployment Reserve Fund

Fund 209 - PERS Reserve Fund

Fund 210 - Student Body Funds

Fund 211 - Technology Fund

Fund 251 - Student Investment Funds

Fund 275-285 - Nonfederal Grants

Fund 286-299 - Federal Grants

#### **Fiduciary**

Fund 700 - Scholarship Fund

#### **Government-Wide Financial Analysis**

Net position may serve over time as a useful indicator of the government's financial position. As outlined on page 6 of this audit report, total net position as of June 30, 2021 was \$2,216,510, of which \$1,443,666 was held in the local government investment pool and \$769,322 was held in local banks. The district has been conservative in spending in order to preserve long term District financial stability.

#### **Analysis of Financial Positions and the Results of Operations**

The major operations of the District are conducted within the framework of the General Fund. Ending fund balance, as highlighted earlier, represents a 30% decrease from the prior year's ending fund balance.

Basic school support funding is a significant source of funding for the District. During 2020-2021 it provided approximately 51% of total District revenues.

Local property taxes are also a significant contributor to funding. During 2020-21, property taxes contributed about 17.5% of the total District revenues. This represents an increase of \$60,995 from 2019-20.

#### Revenue Summary

|                      | 2021        | <br>2020        |
|----------------------|-------------|-----------------|
| Local Sources        | \$1,218,128 | \$<br>1,248,412 |
| Intermediate Sources | 44,175      | 42,384          |
| State Sources        | 3,749,462   | 3,574,486       |
| Federal Sources      | 895,085_    | <br>421,457     |
|                      | \$5,906,850 | \$<br>5,286,739 |

#### **Analysis of Program Expenses by Function**

|                                   | 2021        | 2020      |
|-----------------------------------|-------------|-----------|
| Instruction                       | \$2,818,849 | 2,546,166 |
| Supporting Services               | 2,443,578   | 3,381,300 |
| Enterprise and Community Services | 297,470     | 169,675   |
|                                   | \$5,559,897 | 6,097,141 |

#### **Analysis of Fund Balances and Transactions**

The General Fund is a major fund of the District. At the end of the current fiscal year, the ending fund balance was \$1,710,425 which represents an increase of \$396,158 from the 2019-20 year.

#### **Capital Assets and Long-Term Debt Activity**

As a District operating on Other Comprehensive Basis of Accounting, cash receipts and disbursements, capital assets are recorded when purchased. As of June 30, 2021, the District had zero payroll liabilities.

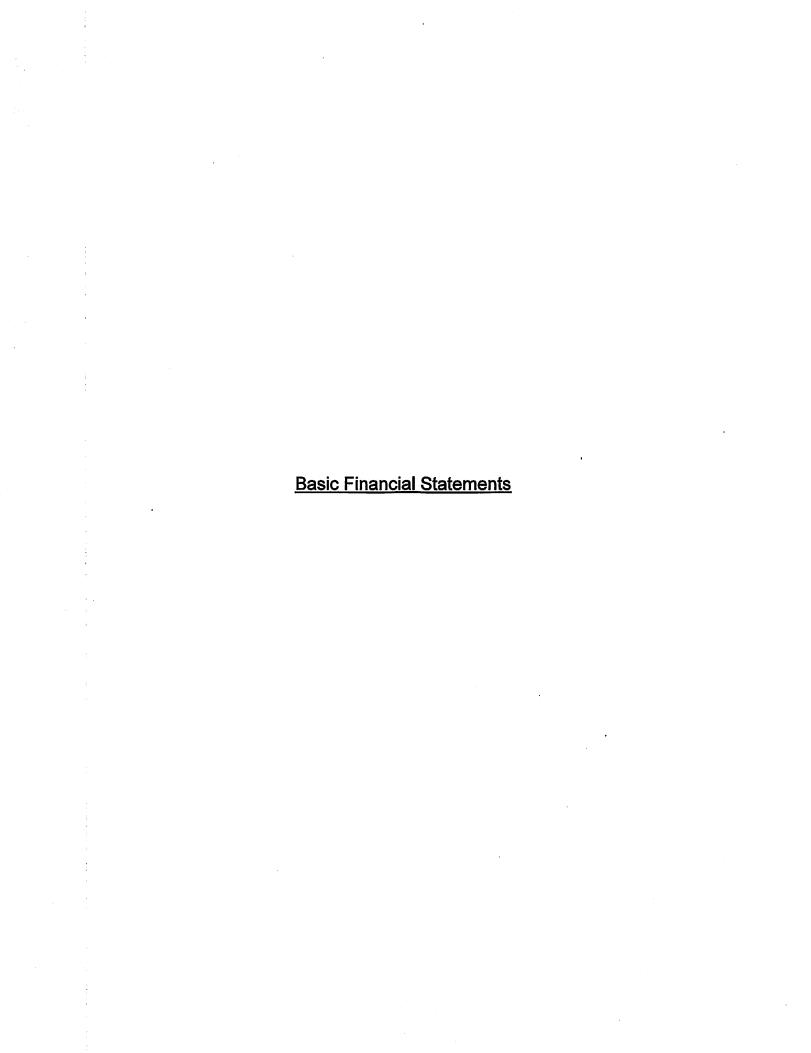

#### **Economic Factors and Next Year's Budget and Rates**

The most significant factors in local revenue forecasts are the condition of the state economy and student enrollment. PERS will be having a greater impact as the percentage to fund PERS for the Yoncalla School District continues to increase. For the period of 2020-2022, the rate for Tier 1/Tier 2 increased 4.83% from 27.2% to 32.03%. For OPSRP employees, the rate increased 4.71% from 21.87% to 26.58%.

In 2020-21 The district continues to see the benefit of its procedures for a more conservative cost containment which allowed the district to maintain staffing levels in spite of rising health care costs, increases established through the collective bargaining process and increases in transportation. The district continues to maximize General Fund Ending Fund Balance to meet its facility needs and future increases in costs.

#### **Contacting the District's Financial Management**

This financial report is designed to provide the District's citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability. For answers to questions concerning any of the information provided or to request additional information, please contact the District Business Manager or District Superintendent at 292 5th Street, PO Box 568, Yoncalla, Oregon 97499.

#### SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES 1.

The accounting policies of the District conform to modified cash basis accounting principles, as promulgated for state and local governmental units. The following is a summary of the more significant policies:

#### A. Reporting Entity

In evaluating how to define the District, for financial reporting purposes, management has considered all potential component units. Based upon the application of the professional standards in GASB No.14, the District does not have any component units which require inclusion in the basic financial statements.

#### B. Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the Statement of Net Position – Modified Cash Basis and the Statement of Activities – Modified Cash Basis) present financial information about the District as a whole. The reported information includes all of the non-fiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. These statements are to distinguish between the governmental and business-type activities of the District. Governmental activities normally are supported by taxes and intergovernmental revenues, and are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The statement of activities - Modified Cash Basis - demonstrates the degree to which the direct expenses of a given function or segment are offset by program receipts. Direct expenses are those that are clearly identifiable with a specific function or segment. Program receipts include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes, State and County aid, and other items not included among program revenues are reported instead as general receipts.

Separate financial statements are provided for governmental and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Government-Wide Financial Statements - The government-wide financial statements are reported using the current financial resources measurement focus and the modified cash basis of accounting. as is the fiduciary financial statement. Receipts are recorded when received and expenses are recorded when paid. As a general rule the effect of interfund activity has been eliminated from the governmental-wide financial statements.

Fund Financial Statements - Governmental fund financial statements are reported using the current financial resources measurement focus and modified cash basis of accounting. Under this method of accounting, receipts are recognized when received. Disbursements are recorded when paid.

The major governmental funds reported by the District include:

General Fund - The General Fund is the principal operating fund of the District and is used to account for all financial resources except those required to be in another fund.

**Financial Statements** 

at

June 30, 2021

#### Note 1 - Summary of Significant Accounting Policies (Cont'd)

#### C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Cont'd)

Non-Major Governmental Funds – Accounts for the aggregate of all non-major governmental funds.

Additionally, the District reports the following fund type:

<u>Fiduciary Funds</u> - are the funds that account for the assets held by the District as a trustee or agent on behalf of others. Trust funds account for assets held by the government under the terms of a formal trust agreement. Funds in the fiduciary funds are for scholarships.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

The focus of governmental fund financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Fiduciary funds are reported by fund type.

#### D. Cash and Investments

The District's cash and investments include amounts in cash on hand, demand deposits, certificates of deposit, savings accounts and the State Pool. These are considered to be cash if they have maturities of three months or less from the date of acquisition. The District's cash management policies are governed by state statutes which authorize the District to invest in bankers' acceptances, time certificates of deposit, repurchase agreements, obligations of the United States and its agencies and instrumentalities, and the Oregon State Treasurer's Local Government Investment Pool. Cash and investments are stated at cost.

#### E. Property Taxes

Property taxes are considered to be fully collectible. All of the District's property taxes are collected by the county. Ad valorem property taxes are a lien on all taxable property as of January 1 for personal property and on July 1 for real property. Taxes are levied on November 15. The collection dates are November 15, February 15, and May 15. Discounts are allowed if the amount due is received by November 15 or February 15. Taxes unpaid and outstanding after May 15 are considered delinquent.

#### F. Interfund Transactions

Advances between funds are accounted for in the appropriate interfund receivable and payable accounts. These advances (reported in a due from asset accounts) are estimated in the Government-Funds Financial Statements.

#### G. Inventories

Inventory in the Food Service Fund is valued at cost determined on the FIFO method.

#### H. Capital Assets

Capital assets are recorded at original or estimated original cost. Donated capital assets are recorded at their estimated fair market value on the date donated. The District defines capital assets as assets with an initial cost of more than \$5,000 and an estimated life in excess of three years.

Financial Statements at June 30, 2021

#### Note 1 - Summary of Significant Accounting Policies (Cont'd)

#### H. Capital Assets (Cont'd)

Interest incurred during construction is not capitalized. Maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Capital assets are depreciated using the straight line method over the following useful lives.

Buildings and improvements 10 to 50 years Equipment 5 to 30 years

Note: In the modified cash basis of accounting capital assets are not presented on the financial statements but are presented in Note 6.

#### I. Retirement Plan

Substantially assets of the District's employees are participants in the State of Oregon Public Employees Retirement System (PERS). Contributions to PERS are made on a current basis as required by plan and are charged as expenditures/expenses as funded.

#### J. Compensated Absences

It is the District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Leave accrues and can be carried over from year to year. There is no liability recorded for unpaid accumulated vacation and sick leave. Vacation and sick pay benefit expenses/expenditures are recognized when paid. All unused vacation and sick leave pay is accumulated and reported in the governmental funds only if they have matured, for example, when paid as a result of employee resignation and retirements.

#### K. Long-Term Debt

In the government-wide financial statements long-term debt is reported as a liability in the Statement of Net position.

Long-term debt arising from cash basis transactions of governmental funds is not reported as liabilities in the fund financial statements. The face amount of the debt issued, premiums received on debt issuances, and discounts are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures. The payment of principal and interest are reported as expenditures when paid.

#### L. Use of Estimates

The preparation of the financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of receipts and expenditures for the reporting period. Actual results could differ from those estimates.

#### Note 2 - Stewardship, Compliance, and Accountability

Douglas County School District No. 32 budgets and accounts for transactions in the following funds:

Financial Statements at June 30, 2021

#### Note 2 - Stewardship, Compliance, and Accountability (Cont'd)

General Fund - The financial affairs of Douglas County School District No. 32 are funded through the General Fund, which receives its monies primarily from local property tax and state operational reimbursements. Expenditures from the General Fund are used for salaries, employee benefits, purchased services, supplies and materials, capital outlay, and all other requirements.

#### Special Revenue Funds

ESSR Grant Fund—The Coronavirus Aid, Relief, and Economic Security Act, 2020 (CARES Act) provided funding for the Elementary and Secondary School Emergency Relief Fund I (ESSER I Fund). The U.S. Department of Education awarded ESSER Fund grants to state educational agencies with emergency relief funds to address the impact that COVID-19 has had, and continues to have, on elementary and secondary schools.

<u>Building Improvement/Repair Fund</u> - accounts for revenues and expenditures of the District for financing the cost of any service, project, property, or equipment, including construction, acquirement, repairs, and maintenance.

<u>Food Service Fund</u> - accounts for revenues and expenditures of the District's food service program. Principal revenue sources are lunch sales and subsidies under the National School Lunch, Child Nutrition and Special Milk Program Acts which are received through the State of Oregon.

<u>Unemployment Reserve</u> - accounts for revenues and expenditures of the District for costs of the unemployment benefits.

<u>PERS Reserve Fund</u> – accounts for revenues and expenditures of the District for costs of PERS benefits.

<u>Student Body Fund</u> - accounts for revenues and expenditures for student activities of the elementary and high school student organizations.

<u>Student Investment Fund</u> – Student Investment Account is to meet students' mental or behavioral health needs, and increase academic achievement for students, including reducing academic disparities for disadvantaged students.

Technology Fund – accounts for revenues and expenditures of the District for technology services.

Special Projects Fund - accounts for revenues and expenditures of private donations and grants.

<u>Title I(A)</u> - accounts for the revenues and expenditures related to the Federal grants received by the District and the related expenditures for personal services and supporting services for these grants. The principal revenue source is from Federal grants.

<u>Title VI(B) REAP</u> - accounts for the revenues and expenditures of grants restricted for specific educational projects. The principal revenue sources are federal monies received under Title VI(B) REAP.

<u>Perkins Grant</u> - accounts for revenues and expenditures of the Perkins Grant funds received for high school programs.

<u>IDEA Part B</u> - accounts for revenues and expenditures of grants restricted for specific educational projects. The principal revenue sources are federal monies received under IDEA Part B.

Notes to Financial Statements

June 30, 2021

#### Note 2 - Stewardship, Compliance, and Accountability (Cont'd)

<u>Title II (A)</u> - accounts for revenues and expenditures of grants restricted for specific educational projects. The principal revenue source is from Federal grants.

<u>Indian Education Grant</u> - accounts for revenues and expenditures of grants restricted for specific educational projects. The principal revenue sources are federal monies received under Indian Education Grant.

<u>Promise Preschool Grant</u> – accounts for revenue and expenditures of grants restricted for the creation and operation of a pre-kindergarten program. The principle revenue sources are from State grants.

#### Fiduciary Funds

<u>Scholarship Fund</u> - this is a non-expendable trust fund that accounts for assets held under the terms of the trust agreement.

#### **Fund Accounting**

The District uses fund and account groups to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources.

Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types."

Governmental fund types are used to account for all or most of a government's general activities, including the collection and disbursement of earmarked monies (special receipt funds), the acquisition or construction of capital assets (capital projects funds), and the servicing of general long-term debt (debt service funds). The general fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary fund types are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful to sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds). The District does not have any proprietary fund types.

Fiduciary funds are used to account for assets held on behalf of outside parties, including other governments, or on behalf of other funds within the government. When these assets are held under the terms of a formal trust agreement, a pension trust fund, a nonexpendable trust fund or an expendable trust fund is used. The terms "nonexpendable" and "expendable" refer to whether or not the government is under an obligation to maintain the trust principal. Agency funds generally are used to account for assets that the government holds on behalf of others as their agent.

#### Budgeting

Financial Statements at June 30, 2021

#### Note 2 - Stewardship, Compliance, and Accountability (Cont'd)

The District budgets all funds as required by state law. The District appropriates the expenditures at the instruction, supporting services, interagency/fund transaction, debt service and contingency levels. The appropriation resolution extends the legal authority for the administrative staff to make expenditures within these broad program categories. Oregon Local Budget Law permits appropriation transfers from one category to another with the approval of the Board of Directors. The detailed budget document, however, is required to contain more specific, detailed information for the above-mentioned expenditure categories. Unexpected additional resources may be added to the budget through the use of a supplemental budget and appropriations resolution. A supplemental budget may require hearings before the public, publications in newspapers, and approval by the Board of Directors. Original and supplemental budgets may be modified by the use of appropriations transfers between the levels of control. Such transfers require approval by the Board of Directors. Appropriations lapse as of year-end.

The District budgets for all funds on the cash basis as provided in ORS 294.305.

#### Changes in Appropriations

Local Budget Law Allows appropriation changes to be made to the originally adopted budget. Several appropriation changes were made by the Board during fiscal year July 01, 2020 to June 30, 2021.

#### Note 3—Cash and Investments

The District's cash management policies are governed by state statutes. Statutes authorize the District to invest in bankers' acceptances, time certificates of deposit, repurchase agreements, obligations of the United States and its agencies and instrumentalities, and the Oregon State Treasurer's Local Government Investment Pool.

#### **Deposits**

Deposits in excess of \$250,000 are covered by Oregon Revised Statute which require the depository institution to maintain on deposit securities having a value sufficient to cover all public funds in their institution and must apply and be approved by the State of Oregon. US Bank is an approved financial institution and as such, at June 30, 2021 the District was in compliance.

Deposits with financial institutions include bank demand and time deposits. The total bank balance per the bank statements is \$1,452,030 at June 30th. All of these deposits are covered by federal depository insurance or collateralized with securities held by financial institutions in the District's name.

#### Investments

The Local Government Investment Pool (LGIP) is included in the Oregon Short Term Fund (OSTF), which was established by the State Treasurer. OSTF is not subject to SEC regulation. OSTF is subject to requirements established in Oregon Revised Statutes, investment policies adopted by the Oregon Investment Council, and portfolio guidelines established by the Oregon Short Term Fund Board. The Governor appoints the members of the Oregon Investment Council and the Oregon Short Term Fund Board. Amounts in the state local government pool are not required by law to be collateralized.

At year end, the carrying amount of the District's cash on hand, overdrafts, and deposits were \$2,212,988 and consisted of the following:

Financial Statements at June 30, 2021

#### Note 3 - Cash and Investments (Cont'd)

Cash on hand and in bank (Overdraft) \$ 769,322
Cash in local government investment pool 1,443,666
\$2,212,988

The District has no formal investment policy to deal with the interest rate risk and credit risk. In practice, the District has limited the investments in the LGIP and Certificates of Deposits that mature within one year.

Credit Risk. The LGIP's portfolio concentration of credit risk at June 30, 2021 included: U.S. Government and Agency securities (24.01%), Municipal Government Securities (6.04%), Non U.S. Government Debt Obligations (7.14%), Corporate Securities (7.47%), Corporate Obligations (38.56%), Asset Backed Securities (15.07%) Certificates of Deposits (1.56%), Cash in various banks (.15%).

Interest Rate Risk. While the District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates, it has historically invested only in the LGIP. As of June 30, 2021, 58.11% of the investments in the LGIP mature within 93 days, 17.17% mature within 94 days to one year, and 24.72% mature within one to three years.

The District has no investment policy, but, in practice, limits its investments to the LGIP which is not rated.

#### Note 6 - Pension Plan

The Oregon Public Employees Retirement System (PERS) consists of a single cost-sharing multiple-employer defined benefit plan.

OPERS, a component unit of the State of Oregon, issues a comprehensive annual financial report, which may be obtained by writing to Oregon Public Employees Retirement System, P.O. Box 23700, Tigard, Oregon 97281, by calling (503) 598-7377 or by accessing the PERS web site at http://oregon.gov/PERS/.

#### **Plan Benefits**

All benefits of the System are established by the legislature pursuant to Oregon Revised Statute (ORS) Chapter 238 and 238A.

Tier One/Tier Two Retirement Benefit (Chapter 238)

The ORS Chapter 238 Defined Benefit Plan is closed to new members hired on or after August 29, 2003.

Pension Benefits – The PERS retirement allowance is payable monthly for life. It may be selected from 13 retirement options. These options include survivorship benefits and lump-sum refunds. The basic benefit is based on years of service and final average salary. A percentage of 1.67 percent for general service employees is multiplied by the number of years of service and the final average salary Benefits may also be calculated under a formula plus annuity (for members who were contributing before August 21, 1981) or a money match computation if a greater benefit results.

Financial Statements at June 30, 2021

#### Note 6 - Pension Plan (continued)

A member is considered vested and will be eligible at minimum retirement age for a service retirement allowance if he or she has had a contribution in each five calendar years or has reached at least 50 years of age before ceasing employment with a participating employer. General Service employees may retire after reaching age 55. Police and fire members are eligible after reaching age 50. Tier One general service employee benefits are reduced if retirement occurs prior to age 58 with fewer than 30 years of service. Tier Two members are eligible for full benefits at age 60. The ORS Chapter 238 Defined Benefit Pension Plan is closed to new members hired on or after August 29, 2003.

Death Benefits – Upon the death of a non-retired member, the beneficiary receives a lump-sum refund of the member's account balance (accumulated contributions and interest). In addition, the beneficiary will receive a lump-sum payment from employer funds equal to the account balance, provided one or more of the following conditions are met:

- Member was employed by a PERS employer at the time of death.
- Member died within 120 days after termination of PERS-covered employment.
- · Member died as a result of injury sustained while employed in a PERS-covered job, or
- Member was on an official leave of absence from a PERS-covered job at the time of death.

Disability Benefits – A member with 10 or more years of credible service who becomes disabled from other than duty-connected causes may receive a non-duty disability benefit. A disability resulting from a job-incurred injury or illness qualifies a member for disability benefits regardless of the length of PERS-covered service. Upon qualifying for either a non-duty or duty disability, service time is computed to age 58 when determining the monthly benefit.

Benefit Changes After Retirement – Members may choose to continue participation in a variable equities investment account after retiring and may experience annual benefit fluctuations due to changes in the market value of equity investments.

Under ORS 238.360 monthly benefits are adjusted annually through cost-of-living changes. The COLA for fiscal year 2015 was capped at 1.5 percent for all benefit recipients. As a result of the *Moro* Decision (*Everice Moro et al v. State of Oregon et all*), the cap on the COLA was restored to 2.0 percent for fiscal year 2016 and beyond.

#### **OPSRP Pension Program (Chapter 238A)**

The ORS Chapter 238A Defined Benefit Pension Program provides benefits to members hired on or after August 29, 2003.

Pension Benefits – This portion of OPSRP provides a life pension funded by employer contributions. Benefits are calculated with the following formula for members who attain normal retirement age:

General Service – 1.5 percent is multiplied by the number of years of service and the final average salary. Normal retirement age for general members is age 65, or age 58 with 30 years of retirement credit.

A member of the pension program becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, and, if the pension program is terminated, the date on which termination becomes effective.

Notes to

Financial Statements at June 30, 2021

#### Note 6 - Pension Plan (continued)

Death Benefits – Upon the death of a non-retired member, the spouse or other person who is constitutionally required to be treated in the same manner as the spouse receives for life 50 percent of the pension that would otherwise have been paid to the deceased member.

Disability Benefits – A member who has accrued 10 or more years of retirement credits before the member becomes disabled or a member who becomes disabled due to job-related injury shall receive a disability benefit of 45 percent of the member's salary determined as of the last full month of employment before the disability occurred.

Benefit Changes After Retirement - Under ORS 238A.210, monthly benefits are adjusted annually through cost-of-living changes. The COLA for fiscal year 2015 was capped at 1.5 percent for all benefit recipients. As a result of the Moro Decision (Everice Moro et al v. State of Oregon et al), the cap on the COLA was restored to 2.0 percent for fiscal year 2016 and beyond.

#### **Contributions**

PERS funding policy provides for monthly employer contributions at actuarially determined rates. These contributions, expressed as a percentage of covered payroll, are intended to accumulate sufficient assets to pay benefits when due. The funding policy applies to the PERS Defined Benefit Plan and the Other Postemployment Benefit Plans. Employer contribution rates during the period were based on the December 31, 2018 actuarial valuation, which became effective July, 2019. The State of Oregon and certain schools, community colleges, and political subdivisions have made unfunded actuarial liability payments, and their rates have been reduced. Employer contributions for the year ended June 30, 2021 were \$617,384, excluding amounts to fund employer specific liabilities.

The rates in effect for the year ended were:

1) Tier 1 & Tier 2 32.03% 2) OPSRP General Services 26.58%

#### **Actuarial Valuation**

The employer contribution rates effective July 1, 2019, through June 30, 2021, were set using the entry age normal actuarial cost method. For the Tier One/Tier Two component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (1) an amount for normal cost (the estimated amount necessary to finance benefits earned by employees during the current service year), (2) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with unfunded actuarial accrued liabilities being amortized over 20 years.

For the OPSRP Pension Program component of the PERS Defined Benefit Plan, this method produced an employer contribution rate consisting of (a) an amount for normal cost (the estimated amount necessary to finance benefits earned by the employees during the current service year), (b) an amount for the amortization of unfunded actuarial accrued liabilities, which are being amortized over a fixed period with new unfunded actuarial liabilities being amortized over 16 years.

Notes to Financial Statements

at

June 30, 2021

#### Note 6 - Pension Plan (continued)

#### Pension Liabilities Assets and Pension Expense

At June 30, 2021, the District has a liability of \$3,910,481 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension was determined by an actuarial valuation as of December 31, 2018. The District's proportion of the net pension liability was based on a projection of the District's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2021, the District's proportion was approximately 0.01791872 percent. Under the cash basis of accounting, the pension liability is reported as an expense in the period paid. Accordingly, the liability is not included in the Statement of Net Pension.

#### Pension Plan Comprehensive Annual Financial Report (CAFR)

Oregon PERS produces an independently audited CAFR which can be found at: <a href="https://www.oregon.gov/pers/Pages/Financials/Actuarial-Financial-Information.aspx">https://www.oregon.gov/pers/Pages/Financials/Actuarial-Financial-Information.aspx</a>

There were no changes subsequent to the June 30, 2020 measurement date.

#### Defined Contribution Plan – Individual Account Program (IAP):

Pension Benefits. Participants in OPERS defined benefit pension plans also participate in their defined contribution plan. An IAP member becomes vested on the date the employee account is established or on the date the rollover account was established. All covered employees are required by State statute to contribute 6% of their salary to the plan. If the employer makes optional employer contributions for a member, the member becomes vested on the earliest of the following dates: the date the member completes 600 hours of service in each of five calendar years, the date the member reaches normal retirement age, the date the IAP is terminated, the date the active member becomes disabled, or the date the active member dies.

Upon retirement, a member of the OPSRP Individual Account Program (IAP) may receive the amounts in his or her employee account, rollover account, and vested employer account as a lump-sum payment or in equal installments over a 5, 10, 15, 20-year period or an anticipated life span option. Each distribution option has a \$200 minimum distribution limit.

Death Benefits. Upon the death of a non-retired member, the beneficiary receives in a lump sum the member's account balance, rollover account balance, and vested employer optional contribution account balance. If a retired member dies before the installment payments are completed, the beneficiary may receive the remaining installment payments or choose a lump-sum payment.

Contribution. During 2020-2021, the District, as an employee benefit, paid the employees portion of the contribution. For 2020-2021, the District paid for this contribution.

Financial Statements at June 30, 2021

#### Note 7 – Other Post Employment Benefits

**Plan Description** – The District offered an early retirement benefit for licensed employees and administrative personnel who had obtained the age of 55 but had not obtained the age of 62 and has had 10 years of experience. An employee electing the early retirement benefit is provided with medical – dental – hospital insurance until age 65 or eligible for Medicare, whichever occurs first. This plan sunsetted June 30, 2001.

**Funding Policy** – The District pays, on behalf of the retiree, the premium amount paid at the time of retirement. The retiree is responsible for payment of any premium increases above that paid by the District at the time of retirement. The monthly cost of these benefits is charged to expenditures as retirement benefits when the employee retires. Benefit expenditures of \$10,334 were recognized during the year ended June 30, 2021. As of June 30, 2021 there are no employees receiving early retirement benefits.

In July 2004, the Governmental Accounting Standards Board (GASB) issued Statement No. 45 "Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions". The statement requires governments to report a net other postemployment obligation liability for explicit and implicit benefits to retirees for benefits such as health insurance and life insurance. An actuarial valuation of the benefits to be provided to retirees is required to determine the amount of this liability. The District is subject to the requirements of GASB 45 effective for the year ended June 30, 2021. The District has determined that the cost of the actuarial valuation is greater than any benefit derived from implementing the requirements of GASB 45 and therefore has not been reported a liability for net other postemployment benefits in the notes to the financial statements.

#### **PERS Retirement Health Insurance Account**

#### Plan Description

The District contributes to the PERS Retirement Health Insurance Account (RHIA) for each of its eligible employees. RHIA is a cost-sharing multiple-employer benefit defined other postemployment benefit plan administered by PERS. RHIA pays a monthly contribution toward the cost of Medicare companion health insurance premiums of eligible retirees. ORS 238.420 establishes this trust fund. Authority to establish and amend the benefit provisions of RHIA reside with the Oregon Legislature. The plan is closed to new entrants after January 1, 2004, PERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Oregon Public Employees Retirement System, PO Box 23700, Tigard, OR 97281-3700.

#### Funding Policy

Because RHIA was created by enabling legislation (ORS 238.420), contribution requirements of the plan members and the participating employers were established and may be amended only by the Oregon Legislature. ORS require that an amount equal to \$60 or the total monthly cost of Medicare companion health insurance premiums coverage, whichever is less, shall be paid from the RHIA established by the employer, and any monthly cost in excess of \$60 shall be paid by the eligible retired member in the manner provided in ORS 238.410. To be eligible to receive this monthly payment toward the premium cost the member must: (1) have eight years or more of qualifying service in PERS at the time of retirement or receive a disability allowance as if the member had eight years or more of creditable service in PERS, (2) receive both Medicare Parts A and B coverage, and (3) enroll in a PERS-sponsored health plan. A surviving spouse or dependent of a deceased PERS retiree who was eligible to receive the subsidy is eligible to receive the subsidy if he or she is (1) receiving a retirement benefit or allowance from PERS or (2) was insured at the time the member died and the member retired before May 1, 1991.

Financial Statements at \_\_\_\_June 30, 2021

#### Note 7 - Other Post Employment Benefits (continued)

Participating employers are contractually required to contribute to RHIA as a rate assessed each year by PERS. The Oregon PERS Board of Trustees sets the employer contribution rate. It is based on the annual required contribution of the combined participant employers. This is the amount actuarially determined in accordance with the parameters of GASB statement 45. The ARC represents a lever of funding that, if paid on

an ongoing basis is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) of the plan over a closed period not to exceed 30 years. The District's contributions to RHIA for the year ended June 30, 2021 are included in the PERS annual pension amount.

#### **OEBB Health Insurance**

The District's health insurance plan is provided through the Oregon Educators Benefit Board (OEBB). The plan offers eligible retirees health insurance coverage from the date of retirement to the Medicare availability age of 65. The District does not pay for any portion of the premiums for its retirees' health care.

While the District does not actually pay for the retirees' premiums, a retired employee receives the implicit benefit of lower health care premiums subsidized by the premium costs for active employees. This benefit is known as an "implicit rate subsidy". The benefit relates to the assumption that the retiree is receiving a more favorable premium rate than they would otherwise be able to obtain if purchasing on their own, due to being included in the same pool with the District's younger and statistically healthier active employees. GASB 45 states that this implicit subsidy must be included in the liabilities and costs reported on the entity's financial statements.

GASB 45 offers an exemption from measuring an implicit rate subsidy under certain conditions for employers participating in community-related health care plans. OEBB's health care coverage is community-related, and the premium rates are the same for active and retired members. The District recognizes that due to the District's small size and limited number of retirees included in the plan it is unlikely that the District will affect the OEBB pool as a whole.

At June 30, 2021 the District's net OPEB asset and liability or deferred outflows and deferred inflows were not included on the financial statements since the District uses the cash basis of accounting.

#### Note 8 - Commitments and Contingencies

Amounts received or receivable from grantor agencies are subject to compliance audits by grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time although the District expects such amounts, if any, to be immaterial.

The District has had no claims that exceeded insurance coverage in the last 3 years. The District does not believe currently there are any matters in which there are pending insurance claims or legal liabilities that are material to the financial statements.

A large portion of the District's funding is provided by the State of Oregon based on student enrollment. Fluctuating student enrollment can cause increases and decreases in revenue. Due to these possible fluctuations it is indeterminable the effect it will have on future operations.

Financial Statements at June 30, 2021

#### Note 9 - Current Vulnerability Due to Certain Concentrations

The District's operations are concentrated within Douglas County. In addition, substantially all the District's revenues for continuing operations are from federal, state, and local government agencies. In the normal course of operations, the District receives grant funds from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

#### Note 10 - Capital Assets

The following is a summary of changes in the capital assets:

|  | Beginning<br>Balance |            |             | Ending<br>Balance |
|--|----------------------|------------|-------------|-------------------|
|  | June 30, 2020        | Additions  | Deletions   | June 30, 2021     |
| Capital Assets being Depreciated       |                      |            |             |                   |

| Total Capital Assets being Depreciated | \$ 5,166,243         | \$ 162,037 | <u>\$</u> - | \$ 5,328,280      |

Assets at June 30, 2021 consist of assets with a cost over \$5,000 to comply with GASB 54 standards. Deletions are removing assets less than the \$5,000.

#### **Note 11- Litigation and Claims**

<u>Grant Disallowances</u> - The School Board participates in a number of state and federally assisted grant programs. The programs are subject to compliance audits under the single audit approach. Such audits could lead to requests for reimbursement by the grantor agency for expenditures disallowed under terms of the grants. School Board management believes that the amount from future audits would not be material.

Financial Statements at June 30, 2021

#### Note 12- Economic Dependency

State of Financial Accounting Standards (SFAS) No. 14 requires disclosure in financial statements of a situation where one entity provides more than 10% of the audited entity's revenue. The Basic School Support funding provided by the state to all public school systems in Oregon is primarily based on student enrollment. The state provided \$3,032,232 to the District, which represents approximately 51.3% of the District's total revenue for the year. Local property taxes provided \$1,033,869 which represents approximately 17.5%.

#### **Note 13- Interfund Transfers**

The following is a summary of interfund transfers reported in the fund financial statements:

|                           | INTERFUND |              |    |               |  |  |
|---------------------------|-----------|--------------|----|---------------|--|--|
| General Fund              | Tra       | Transfers In |    | Transfers Out |  |  |
|                           |           |              | \$ | 123,944       |  |  |
| Building Improvement Fund | \$        | 88,944       |    |               |  |  |
| Food Servce               | \$        | 35,000       |    |               |  |  |
|                           | \$        | 123,944      | \$ | 123,944       |  |  |
|                           |           |              |    |               |  |  |

Transfers between funds were for operational purposes.

#### **Note 14- Changes in Appropriations**

The District made the following changes to its original adopted 20-21 budget:

| Original<br>Budget   |    |                                 | Change                             | Final<br>Budget |                               |

Financial Statements at June 30, 2021

#### Note 15- GASB Statement No. 54- New Fund Balance

GASB Statement 54 requires analysis and presentation of fund balance in five categories. The fund balance categories are:

- Non-Spendable Includes items not immediately converted to cash, such as prepaid items and inventory.
- Restricted Includes items that are restricted by external creditors, grantors or contributors, or restricted by legal constitutional provisions.
- Committed Includes items committed by the District's Board of Education, by formal board action.
- Assigned Includes items assigned for specific uses, authorized by the District's Superintendent and/or Director of Finance Operations.
- Unassigned This the residual classification used for those balances not assigned to another company.

Below is a schedule of ending fund balance, based on GASB Statement No. 54 implementation:

GASB 54 required Board approved action to authorize commitments of fund balance. There were no commitments made for the last fiscal year.

The Board of Education also authorized the Superintendent and the business manager to make assignments of ending fund balance. Assignments of fund balance can be done at any time, including after the fiscal year-end.

|                           | General<br>Fund | Non Major<br>Governmental<br>Funds |            | Total<br>Governmental<br>Funds |            |

## Note 15- GASB Statement No. 54- New Fund Balance (Cont'd)

GASB 54 requires a spending policy, as it relates to ending fund balance. The spending policy states in what order fund balance categories are spent. The Board of Education approved the following fund balance order of spending policy:

- 1. Restricted Fund Balance
- 2. Committed Fund Balance
- 3. Assigned Fund Balance
- 4. Unassigned Fund Balance

## Note 16- Fair Market Value of Personal Protective Equipment (unaudited)

The fair market value of donated personal protective equipment received during the year ended June 30, 2021 is \$2,806.

## Note 16- Tax Abatement GASB 77

As of June 30, 2021, Douglas County does not provide any tax abatements that impact Douglas County School District No. 32.

## Note 17- Subsequent Events

Management of the District has evaluated events and transactions occurring after June 30, 2021 through the date the financial statements were available for issuance, for recognition and/or disclosure in the financial statements. In March of 2020 the World Health Organization declared a world-wide pandemic due to the COVID-19 virus. The pandemic has caused widespread disruption to the economies of the United States and Oregon. The financial impact of COVID-19 is expected to continue, but the duration and severity is unknown. The District is unable to estimate the financial impact COVID-19 will have at this time.

# Budgetary Comparison Schedule for the General Fund - Modified Cash Basis

# INDEPENDENT AUDITORS' REPORT REQUIRED BY OREGON STATE REGULATION

Certified Public Accountants

# INDEPENDENT AUDITOR'S REPORT REQUIRED BY OREGON STATE REGULATION

Board of Directors Douglas County School District No. 32 PO Box 568 Yoncalla, OR 97499

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the basic financial statements of Douglas County School District No. 32 as of and for the year ended June 30, 2021, and have issued our report thereon dated November 15, 2021.

#### Compliance

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Oregon Municipal Corporations, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

We performed procedures to the extent that we considered necessary to address the required comments and disclosures which included, but were not limited to the following:

Deposit of public funds with financial institutions (ORS Chapter 295). Indebtedness limitations, restrictions and repayment. Budgets legally required (ORS Chapter 294). Insurance and fidelity bonds in force or required by law. Programs funded from outside sources. Authorized investment of surplus funds (ORS Chapter 294) Public contracts and purchasing (ORS Chapters 279A, 279B, 279C) State School Fund factors and calculation

In connection with our testing, nothing came to our attention that caused us to believe the District was not in substantial compliance with certain provisions of laws, regulations, contracts, and grants, including the provisions of Oregon Revised Statutes as specified in Oregon Administrative Rules 162-10-000 through 162-10-320 of the Minimum Standards for Audits of Municipal Corporations.

#### OAR 162-10-0230 Internal Control

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control. Deficiencies in internal control, if any, were communicated separately.

#### Restriction on Use

This report is intended solely for the information and use of the Board of Directors, Oregon Secretary of State Audits Division, and management and is not intended to be and should not be used by anyone other than these specified parties

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors Yoncalla School District #32 413 C Street Myrtle Point, OR 97458

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Yoncalla School District #32 as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated November 15, 2021.

#### Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Yoncalla School District #32's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Yoncalla School District #32's internal control. Accordingly, we do not express an opinion on the effectiveness of the Yoncalla School District #32's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the District's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Yoncalla School District #32's financial statements are free of material misstatement, we performed test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance on other matters that are required to be reported under Government Auditing Standards.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion of the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Directors Yoncalla School District #32 413 C Street Myrtle Point, OR 97458

#### Report on Compliance for Each Major Federal Program

We have audited the Douglas County School District No. 32's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Douglas County School District No. 32's major federal programs for the year ended June 30, 2021. Douglas County School District No. 32's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Douglas County School District No. 32's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Douglas County School District No. 32's compliance.

#### Opinion on Each Major Federal Program

In our opinion, Douglas County School District No. 32, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2021.

·

#### Other Matters

The Douglas County School District No. 32's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The district's response was not subjected to the auditing procedures applied in the audit of noncompliance and, accordingly, we express no opinion on the response.

#### Report on Internal Control over Compliance

Management of the Douglas County School District No. 32 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Douglas County School District No. 32's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Douglas County School District No. 32's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Douglas County School District No. 32's response to the internal control over compliance identified in our audit is described in the accompanying schedule of findings and questioned costs. The district's response was not subjected to the auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

#### <u>Douglas County School District No. 32</u> Schedule of Findings and Questioned Costs June 30, 2021

#### **Summary of the Auditor's Results**

The audit report issued November 15, 2021, on the general-purpose financial statements of Douglas County School District No. 32as of and for the year ended June 30, 2021, was an unqualified opinion. The audit did not disclose any reportable conditions in internal control for either major or nonmajor programs, nor did the audit disclose any noncompliance which may be material to the financial statements. The audit report on compliance for major programs was an unqualified opinion. There were no audit findings required to be reported in accordance with 2 CFR section 200.216(a).

The major programs identified by Douglas County School District No. 32 were:

National School Lunch Program

The threshold used to distinguish between Type A and Type B programs was \$750,000. The District did qualify as a low-risk auditee under *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance).

Findings required to be reported in accordance with generally accepted government auditing standards (GAGAS):

No Findings.

Findings and questioned costs for Federal awards:

**Current Year:** 

No Findings or Questioned Costs.

**Summary Schedule of Prior Audit Findings:** 

No Findings or Questioned Costs

**Summary Schedule of Prior Audit Findings:** 

No Findings or Questioned Costs

# Douglas County School District No. 32 Notes of Schedule of Expenditures of Federal Awards June 30, 2021

#### Note 1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Yoncalla School District #32 and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the basic financial statements.

#### Note 2. Sub-recipients

Of the federal expenditures presented in the schedule, Yoncalla School District #32 provided no federal awards to sub-recipients.
